The Ski Areas

There are 3 areas for you to enjoy!

Lake Louise: Nestled in the heart of Banff National Park, Lake Louise is home to 4,200 acres of skier and rider accessible terrain. Featured as the largest resort of the "Big 3," spectacular views accompany its longest run (5 miles) and a total vertical rise of 3,250 feet.

Sunshine Village: Situated high along the Continental Divide, Sunshine Village is home to breathtaking views and one of Canada's longest ski season. Sunshine Village is Canada's highest elevated resort and is located in the heart of Banff National Park. The ski area encompasses more than 3,300 skiable acres and terrain ranges from long groomed runs to steep expert trails.

Mount Norquay: The smallest of the "Big 3" resorts, Mount Norquay is a local gem. Do not be fooled by the size of Mount Norquay, for the scenic beauty is that of a picture perfect postcard. Mount Norquay is a World Heritage Site and the birthplace of skiing in Canada in the Canadian Rockies.

Ski With Charlie recommends the Ikon Pass. Five days of skiing the "Big 3" would be covered by the base pass.
