Skiing is traditional in Kitzbühel. As it has been for over 125 years. The Kitzbuhel ski area is extensive, stretching across the states of **Tirol** and **Salzburg** as well as seven municipalities. Skiers can choose between **57 cable cars** or **chairlifts** to take them up to the snow-covered mountains 2,000 metres above sea level. Awaiting them are a total of **230 kilometres of slopes** covering all levels of difficulty – from easy and moderate slopes right through to difficult, more challenging pistes. In Kitzbühel, it is possible to ski for a whole day without having to use the same lift twice.!

Idyllic Kitzbuhel...Kitzbuhel is a charming, traditional town with a medieval center that really has something of everything; stunning scenery, some very good skiing on large attractive varied slopes. The Nightlife is vibrant and there is much to do in town for non-skiers and skiers alike. Kitzbuhel center is traffic free and the cobbled streets and walled old town with quaint church make this a compelling place to stay. The skiing is large by Austrian standards (over 200km of piste) and is mostly suited to intermediates although there is plenty of good off-piste for experts. However, the biggest attraction of the ski area is the excellent choice of mountain restaurants that make meeting other members of your party for lunch a treat.

Athens is the capital of Greece. It was also at the heart of Ancient Greece, a powerful civilization and empire. The city is still dominated by 5th-century BC landmarks, including the Acropolis, a hilltop citadel topped with ancient buildings like the colonnaded Parthenon temple. Our hotel for our 3-night stay in Athens is the Hotel Titania, a beautiful four-star gem in the heart of the city.
